The Tariff. The Wells tariff bill was introduced in both Houses yesterday, referred to Finance Commit tees, and ordered to be printed. The bill proposes a partial increase of the present tariff, but a much less advance than proposed in the House bill, and hence it has been termed a free trade, project by the advocates of a high tariff. The bill proposes a reduction on wool of from 30 to 40 per cent upon the House bill; iron and steel remain the same; cottons a slight advance upon the House bill, and the substitu-tion of specific instead of ad valorem duties. The duty upon teas is kept at the present rate of 25 per cent, instead of 12½ per cent, as proposed by the House bill. Spices and to-bacco are kept at the rate of the present tariff, and a specific tax is put upon liquors of \$2 per

WHITE'S PATENT LEVER TRUSS— warranted to be the very best truss in use, for the retention and radical cure of Hernie. This instrument is different in principle and action from all other trusses, combining every valuable point in other trusses, besides several points of the highest value, never before attained. It has an appliant metallic bow; padbearing, or the pad itself, changed in an installic graduating pressure power perfectly controlled by one screw; combined inward and upward action; works over a knuckle; requiring less than one-half the usual pressure; no pressure on the back, and none on the spermatic cord; doe- not work up or out of place; having no stuffed pad; smallest, lightest, cleanest, cheapest, most durable; holds the rupture in every case; is a radical cure; will cure more cases than any other truss. INFANT TRUSS.—The necessity for a reliable instrument for the treatment of Congenital Hernie, has long been felt. It is perfectly simple, light, durable, efficient and cleanly, and will cure in every case when properly adjusted. For sale by
